

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The origination and early success of this Hospital as a School for Ophthalmic Surgery are attributable to a great Surgeon, JOHN CUNNINGHAM SAUNDERS, who first adapted the operation for Cataract to the condition of infancy. It is the earliest, in order of time, of the Institutions of this class, now so general throughout this Empire and in other countries.

 It is deemed right to draw attention to the delay in submitting children with Cataract to the care of the Surgeon. In 550 cases of that description brought to the Hospital, the average age is estimated at seven years, although the condition of early childhood is most favourable for the operation.

Royal London Ophthalmic Hospital.

REPORT for 1883.

ON the termination of another year the Committee of Management of the Royal London Ophthalmic Hospital have to appeal to the benevolent and charitable public for their kind sympathy, and for their support by contributions in aid of the great work which this Hospital is effecting in alleviating the sufferings of the afflicted poor, not only of this metropolis, but of the country at large, thereby averting from large numbers that most dreaded of all afflictions—blindness. They have also at this time to report to the Governors of the Institution, who have so kindly afforded help in the past, the result of their labours during the year 1883, and to present to them the financial statement of its position at the close thereof.

The one hundred beds in the Wards of the Hospital have been occupied by 1,988 In-patients, and the operations performed by the Surgical Staff number 3,425, as will be seen by the Medical and Surgical Report appended hereto. The ever-increasing population of the Kingdom, and especially of London and

its suburbs, makes a corresponding demand upon the resources of the Hospital and on the time of its eminent and talented Staff of surgical officers, who have during the past year seen, advised, and prescribed for 24,288 persons as Out-patients, their attendances having been 121,190, or an average of 384 on each week-day. (In 1882 the patients were 22,150; their attendances, 110,750.) The whole of this vast number have been supplied with medicines when necessary (as in most cases), and others, whose age or other causes have impaired their sight, have been, by the desire of the Surgeons, supplied with spectacles to enable them to do their daily work and earn the means wherewith to support themselves and their families.

The Committee of Management in presenting these statistics do not hesitate to ask the charitably-minded to reflect upon the figures and the large amount of human suffering they represent. The number of In-patients, whose average time of stay in the Hospital is about fifteen days, cannot be provided for without very considerable expenditure; and for their comfort, and to aid in their recovery of sight and health, nothing that may be considered needful by the Staff of Surgeons is withheld, whilst the multitude of the Out-patients requiring advice and medicine must cost a large sum, and entail a heavy outlay in the arrangements for their proper and efficient reception. The Committee are glad to call attention to the fact that the management expenses are as moderate as possible, and form but a small percentage of the whole.

The Account of Receipts and Expenditure is presented herewith, from which it appears that the total amount received in contributions in support of the Charity have been in the year £3,659. 18s. 10d., whereas in 1882 the amount was £4,981. 16s. 10d., or a comparative deficiency of £1,322. 3s.

This may be accounted for by the amount received for Legacies in the former year, exceeding that of the year 1883 by £1,001. 14s., leaving, however, some £300 deficiency on the ordinary receipts in comparison with those of 1882, and it is earnestly hoped and urgently needed that some friends of the Institution will contribute to make this deficiency good.

It may be noted that in 1885 an income of "£368. 3s. 8d. per annum Annuities for 30 years" will terminate.

The Committee gratefully acknowledge the numerous contributions of the past year, and have especially to convey their thanks to Mrs. J. PACKE for £52. 10s., the Council of the Metropolitan Hospital Sunday Fund for £450, and the Hospital Saturday Fund for £151. 19s. 10d.

Legacies have been received from the executors of the following Estates—

EMILY ELIZABETH PRICE	...	£500	0	0
T. Y. MARSHALL	...	450	0	0
BARBARA CUSLAKE	...	412	19	10
E. T. DAWES	...	20	0	0

and the Committee of Management are grateful to them for their kind consideration in so promptly paying the bequests.

The various items of Expenditure will be found set forth in the Accounts, and the Committee are pleased to report that by prudence and economy they have been enabled to provide for the support and maintenance of larger number of patients at a smaller cost than in 1882. The amount for repairs and improvements is, however, very large, being £574. 6s. 3d.; but the Committee have been compelled to incur this outlay, the most perfect sanitary arrangements within the Hospital being an absolute necessity. Representations have lately been made by the Medical Board suggesting further improvements—the building of bath-rooms and increased ventilation. The Committee have acknowledged the need of these recommendations, and very earnestly appeal for public support to enable them to defray the cost.

It is with much pleasure that the Committee of Management acknowledge the valuable work of their eminent Medical and Surgical Staff, and their best thanks are due to them for their skill and attention so freely given to the patients, and also for their kind and cheerful reception of the great numbers who seek their advice at the Hospital. Mr. J. C. WORDSWORTH, after a very valuable service of thirty-one years, retired from the Active Staff, under Rule 22, in June last, and became a Consulting Surgeon. The Committee and the Governors, whilst regretting the termination of his labours, most gratefully record their high appreciation of the very valuable service he has rendered to the Hospital, and his uniform kindness to the

patients committed to his care. Mr. R. MARCUS GUNN, formerly House Surgeon, was elected in August last to fill the vacancy.

In concluding their Report the Committee of Management feel it their duty to impress on the charitable the importance of supporting this Institution. Every day in the year one person suffering from cataract alone leaves the doors of the Hospital to return to his duties in the world restored to sight.

No case of eye disease necessitating *indoor treatment* is ever refused admission, and the vast number of Out-patients show how many seek the aid of its Staff in order that by their advice and treatment *blindness* may be averted. They venture to hope, therefore, that the funds so urgently needed to support the Royal London Ophthalmic Hospital in the good work which it is doing will be forthcoming, and they appeal confidently to the kind-hearted and the generous for that help that shall enable them to make the blind to see.

ROYAL LONDON OPHTHALMIC HOSPITAL.

At the Annual General Meeting of Governors, held at the Hospital on Tuesday, the 4th day of March, 1884,

CHARLES GORDON, Esq., in the Chair.

The Minutes of the last meeting of Governors were read and confirmed. The Report of the Committee of Management for the past year, and the Cash Statement, were presented, and ordered to be printed and circulated.

The following resolutions were passed, viz.:—

- “That the Report now read be received, adopted, printed, and circulated, under the direction of the Committee.”
- “That the cordial thanks of this meeting be presented to Sir JOHN LUBBOCK, Bart, M.P., F.R.S., &c., President of the Hospital, for his zealous attention at all times to the affairs of the Institution.”
- “That the best thanks of this meeting be presented to JOHN DEACON, Esq., for his kind and valuable services as Treasurer to the Hospital.”
- “That the best thanks of this meeting be presented to the Medical Officers, for their able and zealous services during the past year.”
- “That the best thanks of this meeting be presented to H. E. MURRELL, Esq., for his careful audit of the Accounts of the Institution for the past year, and that he be requested to continue his kind and valuable services during the present year.”
- “That the warmest thanks of this meeting be presented to the Chairman and Committee of Management for the ability

and zeal with which they have discharged the duties of their Office during the past year, and that the following gentlemen be the Committee for the year ensuing." (See page 7.)

"That the warmest thanks of this meeting are due, and are hereby presented, to the Editors of *The Times* and other metropolitan journals for their valuable and courteous aid on all occasions when the necessities of the Hospital have needed the publicity which their extensive circulation could alone afford, and which has uniformly been followed by highly beneficial results to the funds of the Institution."

"That the election of Honorary Medical and Surgical Officers be (during the next 12 months) vested in a Committee, and that such Election Committee do consist of the Committee of Management, together with six members of the Medical Board for the time being, voting equally with the Committee of Management, seven of the whole number to constitute a quorum, of whom four shall be members of the Committee of Management."

"That any candidate personally solicitig votes shall be deemed to be disqualified."

"That the best thanks of this meeting be presented to CHARLES GORDON, Esq., for his able services as chairman on the on the present occasion."

These Resolutions were unanimously confirmed.
